---

NBTA Europe  
small committee

we kindly ask You to put this questions to the agenda for the meeting in Italy. Sorry for our delay, but for almost all week we had a problems with our communication in Croatia.

- NBTA – age – we would like that competitor's ages should be real ages in that competitor's year
- Minutes for solo and duet – we think that it should be shorter
- Stick to the rules that candidacy for European and World competition should be sent 2 years before
- NBTA competition in twirling should be moved on 30.04./01.05., not on Easter
- Please cancel tickets for competitors
- In groups each competitors should get a medal, not only a group trophy
- We demand that if Italy stick to their decision to charge tickets for twirling competition in 2016, we should have another host. Croatia had already send protest letter and candidacy
- We want discussion about 7000Euro for host country for European and World competitions. Our proposal is that required money should be equally arrange on all countries as membership fee.

Best regards

NBTA Croatia

President

Snježana Sremec
